Gold Pro Pin Tournament: The condition this month was the shark, it was awesome. Jerry Kennedy started out in the middle of the pack and climbed to front runner by game 3. At that point he never looked back and became this month's champion. We use Gold Pins and PBA lane patterns in our tournament. Our field is limited to the first 36 bowlers that sign up. We have optional side pots, brackets and "300" pot. The "300" pot is now worth over \$1000 dollars. To make a reservation email Chuck Holland at chuck10pin@yahoo.com or call 925-828-7550. We hold reservations until 12:45pm on the day of the event.

Lane 41 Pro Shop located inside Earl Anthony's Dublin Bowl is open for business and ready to fulfill all of your bowling needs. They stock everything for your bowling needs with a wide assortment of High Performance bowling balls. Come in and see how they can help your game.

Solar Extreme "Fantastic": Solar Extreme is getting to be the thing Saturday Nights. It starts at 11:00pm and we close at 1:30am. A live DJ, popular music and the whole cosmic type light show, is a blast. They flock here from all over and the ages vary greatly. If you have the time come on out and see what the whole thing is about. It will only cost you \$15, which includes shoes, use of a house ball and unlimited bowling until close. Great action, fantastic fun, and loud music! Call (925) 828-7550 for reservations.

Friday Night Frenzy: Friday Nights from 10:30pm till 1:00am looks to be great. It is suitable for all ages. For \$13.00 you get unlimited bowling during the time period. If that is not enough, you also get the rental shoes thrown in for free. Sounds like a good time to me. Now that you have your ball and shoes, we'll even throw in music and the same light show that you get for Solar Extreme, minus the DJ.
